

Advancing Olive and Olive Oil Production

A powerful handheld spectroscopy solution, designed to measure quality parameters of olives and olive oil in seconds.

Get Accurate Results for:

Olive

Water
Oil
FFA
Total polyphenols

Soil

NPK
ph
OM
Ca
Mg

**Plant
Tissue**

NPK
Ca
Mg
S

**Olive
Oil**

FFA
Peroxide value
K values
Total polyphenols

Advantages of the NIRLAB Solution:

- Easy-to-use
- Unlimited scans
- Cost-efficient
- No maintenance
- Destruction-free analysis
- Wireless connectivity
- High data security
- Compact and rugged device
